Dear

This will acknowledge your memorandum of 16 November 1950,
subject: Communications.

I was pleased to note the communications procedure discrepancy report of 9 November 1950 from Headquarters ASA, Pacific. Your teletype personnel are deserving of high praise for their work which merited such a report. I am attaching an official commendation which I desire that you transmit to

25X1A9a

and her staff.

25X1A7b

I believe that our teletype problems on [REDACTED] are solved for the time being which should prevent further drain on your experienced telotypists at this time. We are well aware of your personnel problems but upon occasion the overall requirements of [REDACTED] must take precedence over the needs of a single [REDACTED]. We appreciate your past cooperation on this score.
